

11th INDIAN INTERNATIONAL CONFERENCE ON AIR QUALITY MANAGEMENT

16th – 18th December 2026

Measurement, Modelling, Health Risk and Public Policy

CONFERENCE VENUE:

The conference will be held at the Indian Institute of Technology Madras, India. The campus is located in Chennai, along Sardar Patel Road, and is approximately 12 km from Chennai Central Railway Station and about 15 km from Chennai International Airport.

ABOUT ORGANIZING INSTITUTES

IIT Madras

IIT Madras, established in 1959, is a premier institute of national importance. It is renowned for cutting-edge research, innovation and strong industry collaboration.

Contact : Prof. S.M. Shiva Nagendra
E-mail : snagendra@civil.iitm.ac.in / snagendra@iitm.ac.in
Website : www.iitm.ac.in/

University of Surrey

The University of Surrey's Global Centre for Clean Air Research (GCARE) conducts cutting-edge research and fosters collaboration with national and international partners. It operates within the Department of Civil & Environmental Engineering.

Contact : Prof. Prashant Kumar
E-mail : p.kumar@surrey.ac.uk
Website : www.surrey.ac.uk

The University of Bath

The University of Bath, established in 1966, is a top 10 UK university known for its research and teaching excellence. In the 2021 Research Excellence Framework (REF), it ranked 25th for research quality and 28th for Research Power.

Contact : Dr. Richard Ball
E-mail : easrjb@bath.ac.uk
Website : www.bath.ac.uk

IIT Delhi

IIT Delhi, established in 1961, is one of India's top engineering institutes. It is known for academic excellence, advanced research, It offers a wide range of programs in science, engineering, and technology.

Contact : Prof. Arvind K Nema
E-mail : aknema@civil.iitd.ac.in
Website : home.iitd.ac.in/

Hokkaido University

Hokkaido University, founded in 1876 in Sapporo, Japan, is one of the country's leading national universities. It is renowned for excellence in research, innovation, and interdisciplinary education, particularly in environmental science and engineering.

Contact : Prof. Atsuko Ikeda
E-mail : atsuko_ikeda@hs.hokudai.ac.jp
Website : www.global.hokudai.ac.jp

University of Canberra

University of Canberra (UC), founded in 1967, is known for its practical, industry-focused education and research. Located in Australia's capital, it offers programs in health, education, design, business, and IT, with strong ties to industry and government.

Contact : Prof. Sotiris Vardoulakis
E-mail : sotiris.vardoulakis@canberra.edu.au
Website : <https://www.canberra.edu.au/>

IIT Bombay

IIT Bombay, Established in 1958, IIT Bombay stands as a premier global hub for academic excellence, cutting edge research and technological innovation. Nestled in Powai, Mumbai, it nurtures the brightest minds to solve real-world challenges and drive impactful change worldwide.

Contact : Prof. Harish Phuleria
E-mail : phuleria@iitb.ac.in
Website : www.iitb.ac.in/

11th INDIAN INTERNATIONAL CONFERENCE ON AIR QUALITY MANAGEMENT

Measurement, Modelling, Health Risk and Public Policy · 16th – 18th December 2026

BACKGROUND

Rapid urbanization, industrial growth, and vehicle emissions have caused severe air quality issues. The WHO estimates over 2 million annual deaths from urban air pollution, especially in developing countries, with respiratory illnesses on the rise. Road transport is a major contributor, alongside domestic and industrial activities. Air pollution can spread from local to global scales, affecting human health, visibility, building materials, and ecosystems. Health impacts depend on pollutant toxicity, exposure time, and pathway, emphasizing the need for scientific assessment of toxic air pollutants.

Indian International Conference on Air Quality Management (IICAQM)

IICAQM serves as a very important forum and opportunity for scientists, engineers, educators, and practitioners to exchange the latest advancements in theories, technologies, and applications in the area of air quality management and health impacts. The 11th IICAQM 2026 aims to bring together leading academicians, scientists, engineers, and research scholars to exchange and share their experiences and research results related to all aspects of air pollution health and exposure assessment and its management.

BENEFITS OF ATTENDING IICAQM

The conference offers an excellent opportunity to exchange information amongst researchers working in academic institutions / R&D organizations, to present and publish research findings, and to interact with experts and partners from administration and industry.

IMPORTANT DATES

Submission of full-length paper:
30th September 2026
Submission of poster:
30th September 2026
Paper/poster acceptance/revision notification to authors:
10th October 2026
Submission of revised paper / poster along with registration fee:
25th October 2026
Conference dates:
16th – 18th December 2026

CALL FOR PAPERS

We welcome paper submissions that present new ideas, techniques, new management systems, and innovative applications that reflect the current breakthroughs in air quality management.

CONFERENCE TOPICS

The areas of interest to the conference are listed below. Full papers must be submitted by 30th September 2026 through the IICAQM website.

- Air Quality Monitoring & Measuring Techniques
- Air Quality Modelling & Emission Inventory
- Source Apportionment & Source-receptor modeling
- Fate & Transport of Particulate matter & Black carbon
- Exposure Monitoring & Health Risk Assessment
- Indoor Air Quality & Personal Exposure Assessment
- Air Quality Management Policies & Legislation
- Air Quality Data Analytics
- Artificial Intelligence & Machine Learning in Air Quality Management
- International Case Studies
- Urban Noise Monitoring & Mapping
- Applications of Remote Sensing & GIS in Air Quality Management
- Air Quality and Climate Change Mitigation Co-benefits

REGISTRATION FEE*

Participation Type	Delegates	Authors	Students
India	INR 20,000	INR 10,000	INR 6,000
Other SAARC Countries	INR 25,000	INR 15,000	INR 15,000
Other Countries	EUR 300	EUR 300	EUR 300

- *Registration fee includes an electronic copy of the IICAQM 2026 proceedings, conference kit, and refreshments.
- *INR for the students who are attending only conference and not presenting paper.
- Students must provide a bonafide certificate. Your registration will not be processed without payment. Accommodation will be provided only to students with valid Student ID.

JOINTLY ORGANIZED BY

UNIVERSITY OF
SURREY
UNIVERSITY OF
CANBERRA

UNIVERSITY OF
BATH
